- o The InControl Touch Map Updater will automatically read and recognize the navigation data on your SD card.
- o Create an account by adding: Your name and your valid email address, a password and your country of residence
- o Read the Terms and Conditions and click on the 'Agree' button
- o To verify your account, click on the email we sent to your email address

Do not forget to ask for notifications about the latest available maps!

DOWNLOAD THE MAP UPDATE

- o Remove your vehicle's SD card from its slot and insert it into your computer.
- o Launch the InControl Touch Map Updater on your computer and log-in.
- o Follow the instructions on the screen to download and install the updates.
- o After successfully installation re-insert the SD card into your vehicle.

NOTE: The download process may take longer depending on your internet connection speed.

Now your InControl Touch Map Updater is up-to-date with the latest available contents and ready-to-use!

Have a safe ride!

For further assistance, please read our FAQ section within InControl Touch Map updater or contact your dealer.

WHY TO USE UPDATED MAPS?

Keep track of changing roads.

Each day, more and more changes are made to the road network worldwide, so there is a good chance that a part of your journey will be affected.

SAFETY OPTION FOR A SAFER AND MORE RELAXED DRIVING

The most common reason for errors in route calculation is due to the outdated maps. Updated navigation helps comfortable riding by preparing for unexpected situations arising from changes in the road network.

TIME & COST EFFICIENCY OPTIMIZED TRAVEL TIME & FUEL CONSUMPTION

By using updated maps the system saves you time by optimal route planning. You may also reduce the average fuel consumption of your vehicle by up to 12 per cent.

CONVENIENCE COMFORT & EFFICIENCY BY POI

Not only the road network changes, but also the database of available places of interest (POI). It includes a list of gas stations, ATMs, pharmacies, restaurants, accommodation and many other places that you may need while traveling.
